Commonly Used Terms

Balance Billing

Out-of-network providers may bill patients for the balances remaining on the charges associated with services rendered, after the insurance reimbursement amount is paid. You are responsible for the difference between out-of-network billed charges and Aetna's maximum allowable fee.

Coinsurance

Your share of the costs of a covered healthcare expense, calculated as a percent based on the contracted Aetna rate you pay for services after your deductible is met.

Copayment (Copay)

The fixed dollar amount you pay each time you receive certain types of medical services or prescriptions. Copays vary depending on the service you're receiving.

Deductible

The dollar amount you must pay for covered health care services before your insurance plan starts to pay. Copayments do not apply to the deductible.

Family

A family plan consists of an employee, a spouse, and at least one dependent child. In all of our plans, once the deductible is met for three members of a family, it is met for all other members of the same family.

Maximum Allowable Fee

An amount determined by Aetna to be the prevailing charge for the service. This amount is based on a national database, complexity of services, range of services and prevailing charge in the geographic area.

Network

All national providers and facilities contracted with Aetna. UHealth providers are all within the Aetna network.

Out-of-Pocket Maximum

The maximum dollar amount you are required to pay out of pocket for medical, behavioral health, Rx during the calendar year. When the amount of combined covered expenses paid by you and/or all your covered dependents (family) satisfies the out-of-pocket maximums, the plan will pay 100% of covered expenses for the remainder of the calendar year. You are still responsible for premiums.

Premium

The amount you'll be deducted each pay period to remain in the plan.

UHealth Provider

A University of Miami physician, UHealth facility, or Jackson Health System facility.

UHealth Total Care Provider

Primarily UHealth and Jackson Health System providers and facilities; includes access to Aetna network behavioral health and some ancillary providers.

Usual, Customary and Reasonable

The usual charge made by a physician or other provider of services that does not exceed the general level of charges made by other providers for the same care in the same geographic area.

2025 Medical Plans

UHEALTH TOTAL CARE

This plan is designed to provide you and your family with top-tier healthcare services at a lower cost while giving you access to a network of primarily UHealth and Jackson Health System providers and facilities.

- Lowest premiums and deductibles to ensure affordable care at all levels.
- Comprehensive coverage, including preventive care, diagnostics, and specialty services, all conveniently available at UM facilities
- UHealth Total Care gives you access to an exclusive network of primarily UHealth and Jackson Health System providers and facilities. This plan also includes access to Aetna network behavioral health and some ancillary providers.
- Plan has a \$100 deductible per person, up to \$300 per family. Once the deductible is met, participants pay copays for services.
- In-network preventive care is free and bypasses the deductible. Covered prescription drugs also bypass the deductible, but require copays.

SELECT 1 & SELECT 2

- Both plans offer access to a national network (Aetna Select Open Access) of providers and facilities. There are no out-of-network benefits.
- Select 1 plan has a \$200 deductible per person, up to \$600 per family.
- Select 2 plan has a \$300 deductible per person, up to \$900 per family.
- Once the deductible is met, participants pay copays for services.
- In-network preventive care is free and bypass the deductible. Covered prescription drugs also bypass the deductible, but require copays.

CHOICE POSII HRA

- HRA plan offers access to a national network (Choice POS II Open Access) of providers and facilities and out-of-network benefits (at higher costs)
- HRA plan has an in-network \$1,500 deductible per person, up to \$4,500 per family. Out-of-network deductibles doubled.
- The plan has a \$400 per person allowance (up to \$1,200 per family) to help pay for up front medical and prescription expenses, including the deductibles. The unused allowance rolls over each year as long as you remain in this plan.
- In-network preventive care is free and bypasses the deductible. However, covered prescription drugs do not bypass the deductible, which must be met prior to copays.

Health Reimbursement Account

Aetna Health Reimbursement Account (HRA) medical plan participants will receive a HealthEquity Visa card pre-loaded with a University-provided fund (\$400 per person; up to \$1,200 per family). The funds may be used for eligible medical and pharmacy expenses.

Participants may register at healthequity.com to view their HRA fund account balance and transaction history, manage preferences, and more.

SPECIAL NOTE

If you participate in both the Aetna HRA medical plan and a health care FSA, you will receive one HealthEquity Visa card with both HRA and FSA funds on the card. HRA funds will be used for eligible medical and prescription expenses before flexible spending account funds are utilized.

UNDERSTANDING THE HRA

The University provides **\$400 fund per person (max \$1,200 per family)** for you to use on medical and pharmacy expenses each year. The fund, administered by HealthEquity, helps you pay for your deductible (**\$1,500 individual/\$4,500 family**).

Each time you visit the doctor or pharmacy, you can pay your bill using the HRA funds on your HealthEquity Visa card. You will be billed at the negotiated rate.

Once your fund is depleted, you pay the negotiated rates for your medical and pharmacy expenses on your own until your deductible is met.

Once your deductible is met, you pay copays for your medical and pharmacy expenses.

NOTE: If you participate in a healthcare FSA, you can use your FSA dollars (pre-loaded on to your HealthEquity Visa card) to help pay for medical and pharmacy expenses after your HRA funds are depleted.

Prescription Drugs

Aetna is the Pharmacy Benefit Manager and prescription drug coverage is included in the UM/Aetna medical plan. Once enrolled in the UM/Aetna medical plan, you will receive your ID card. This card should be used when picking up your prescriptions. Aetna's in-network pharmacies include Walgreens, CVS, Publix, Walmart, and many others – 68,000 pharmacies nationwide. To locate a pharmacy near you go to [aetna.com](https://www.aetna.com).

Each medical plan covers the same prescription drugs, and costs are determined by the four-tier structure below. If the cost of the prescription is less than the copay, you pay the lesser amount. In the HRA plan, prescription copays apply only after you have met your deductible. Formulary changes occur throughout the year. Visit [aetna.com](https://www.aetna.com) to view a list of covered drugs and costs.

Specialty medications may be filled at University of Miami Specialty, Walgreens, CVS Specialty, or any pharmacy in the open specialty network.

Mail service refills are available through CVS Caremark® mail service. New orders or renewals will need to be submitted to the CVS Caremark® mail service.

If you are taking a maintenance medication—any medication taken in the same strength and dosage for more than 90 days—you can save money and avoid a penalty by filling your prescription in a 90-day supply at any in-network pharmacies such as Walgreens, Walmart, Publix, CVS retail pharmacy, or CVS Caremark®.

Tier	Cost	Description
Tier 1	\$10	Covered preferred generic medications (not self-injectable) (G=Generics)
Tier 2	\$45	Covered preferred brand name medications (not self-injectable) (PB=Preferred Brands)
Tier 3	\$75	Covered non-preferred generic and brand-name medications (not self-injectable) (NPB=Non-Preferred Brands)
Tier 4	\$100	Preferred and non-preferred self-injectable drugs covered by prescription benefits. Insulin is covered under Tiers 1, 2, and 3 (tier depends on type) (NPSP=Non-Preferred Specialty) and (PSP=Preferred Specialty)

NOTE: Prescriptions for short-term medications (like antibiotics) can be filled at any retail pharmacy in the Aetna network.

TIER 2 EXAMPLE

	Local Retail Pharmacy	Local Retail Pharmacy or CVS Caremark® Mail Service
