Commonly Used Terms

Balance Billing
Out-of-network providers may bill patients for the balances remaining on the charges associated with services rendered, after the insurance reimbursement amount is paid. You are responsible for the difference between out-of-network billed charges and Aetna’s maximum allowable fee.

Coinsurance
Your share of the costs of a covered healthcare expense calculated as a percent based on the contracted Aetna rate you pay for services after your deductible is met.

Copayment (Copay)
The fixed dollar amount you pay each time you receive certain types of medical services or prescriptions. Copays vary depending on the service you’re receiving.

Deductible
The dollar amount you must pay for covered health care services before your insurance plan starts to pay. Copayments do not apply to the deductible.

Family
A family plan consists of an employee, a spouse, and at least one dependent child. In all of our plans, once the deductible is met for three members of a family, it is met for all other members of the same family.

Maximum Allowable Fee
An amount determined by Aetna to be the prevailing charge for the service. This amount is based on a national database, complexity of services, range of services and prevailing charge in the geographic area.

Network
All national providers and facilities contracted with Aetna. UHealth providers are all within the Aetna network.

Out-of-Pocket Maximum
The maximum dollar amount you are required to pay out of pocket for medical, behavioral health Rx during the calendar year. When the amount of combined covered expenses paid by you and/or all your covered dependents (family) satisfies the out-of-pocket maximums, the plan will pay 100% of covered expenses for the remainder of the calendar year. You are still responsible for premiums.

Premium
The amount you’ll be deducted each pay period to remain in the plan.

Usual, Customary and Reasonable
The usual charge made by a physician or other provider of services that does not exceed the general level of charges made by other providers for the same care in the same geographic area.

1. A UM physician, UM facility, or Jackson Health System facility.
2. You have the option of using an out-of-network provider; but your charges will be subject to balance billing.
3. The first $400 of eligible medical and Rx expenses are covered by the HRA fund with the exception of Carisk copays. Preventive care services will not be deducted from the $400 HRA fund.
4. After deductible, copayment applied to first office visit, then all office services covered at 100%.
5. Inpatient hospital services include semiprivate room, ancillary service, physician fees/visits, and inpatient surgery.
6. Emergency room copay is waived if admitted to the hospital.
7. Coverage for high-end imaging (MRI, PET, and CT scans) is available exclusively at UHealth. Coverage is available outside of UHealth only under certain circumstances such as imaging for children ages 13 and under, imaging performed outside of Miami-Dade/Broward counties, within an emergency room or during an inpatient hospital stay, concurrent with radiation therapy for daily placement, or when open or standing MRI is required.

Out-of-Area HRA plan: If your home address is outside of Miami-Dade/Broward counties, this plan will appear in Workday as an option for you.

In the Out-of-Area HRA plan, you will pay the lower UHealth copay at any Aetna network provider.
NOTE: All premiums shown are for full-time employees who are non-smokers and whose spouses do not have access to employer-sponsored medical insurance. Visit benefits.miami.edu for part-time premiums.

There is a $350 monthly ($161.54 biweekly) spousal surcharge, which allows you to cover a spouse who has access to their own employer-provided medical plan. Before making your decision, we encourage you and your spouse to carefully consider the benefits of the University's plan against your spouse's own employer-provided plan. If your spouse does not have access to employer-provided medical insurance, please indicate this in Workday to avoid the monthly spousal surcharge.

There is a $100 monthly ($46.15 biweekly) additional charge added to the UM/Aetna medical plan premium for employees who indicate they are a smoker. Through the BeSmokeFree program, you can get the help you need to quit smoking for free. Visit miami.edu/besmokefree for details. If you do not smoke, please indicate this in Workday to avoid the $100 monthly ($46.15 biweekly) additional cost.

Health Reimbursement Account

Aetna Health Reimbursement Account (HRA) medical plan participants will receive a HealthEquity Visa card pre-loaded with a University-provided fund ($400 per person; up to $1,200 per family). The funds may be used for eligible medical and pharmacy expenses.

Participants may register at healthequity.com to view their HRA fund account balance and transaction history, manage preferences, and more.

SPECIAL NOTE

If you participate in both the Aetna HRA medical plan and a health care FSA, you will receive one HealthEquity Visa card with both HRA and FSA funds on the card. HRA funds will be used for eligible medical and prescription expenses before flexible spending account funds are utilized.

UNDERSTANDING THE HRA

The University provides $400 fund per person (max $1,200 per family) for you to use on medical and pharmacy expenses each year. The fund, administered by HealthEquity, helps you pay for your deductible ($1,500 individual/$4,500 family).

Each time you visit the doctor or pharmacy, you can pay your bill using the HRA funds on your HealthEquity visa card. You will be billed at the negotiated rate.

Once your fund is depleted, you pay the negotiated rates for your medical and pharmacy expenses on your own until your deductible is met.

Once your deductible is met, you pay copays for your medical and pharmacy expenses.

NOTE: If you participate in a healthcare FSA, you can use your FSA dollars (pre-loaded on to your HealthEquity Visa card) to help pay for medical and pharmacy expenses after your HRA funds are depleted.

All three of our UM/Aetna medical plans offer the same in-network benefits. The only difference is your premium and how you pay for eligible medical expenses.

If you need help comparing the plans, call HR-Total Rewards, your pay and benefits team, at 305-284-3004.

Take advantage of **free preventive care screenings**, from well-child visits to annual physicals, well woman exams, and colonoscopies.

Ask “are you in-network?” By using practitioners who are in-network, you can be sure to pay your copayment and deductible. Also make sure the lab and specialists you visit are in-network, even if your in-network practitioner refers you to them. Aetna plan members can visit UHealth, LabCorp and Quest labs for routine tests and blood work for free (after deductible).

Get a **free flu shot** to minimize your chances of getting sick. Free flu shots are offered during flu season at the annual HR-Total Rewards fairs, Healthy ‘Canes Employee Clinic, and UHealth at Walgreens.
Pay lower copays. Get world-class care.
We know that the cost of health care continues to rise so it is important that we provide plan options that offer the highest-quality care and are affordable for you and your family. We understand the importance of having a trusted relationship with a primary care provider in a convenient location. We are pleased to announce the upcoming opening of several primary care practices in convenient locations with plans to further expand in the future.

Prescription Drugs

Prescription drugs are covered in the UM/Aetna medical plan through OptumRx. Once enrolled in the UM/Aetna medical plan, you will receive a joint Aetna/OptumRx medical ID card. This card should be used when picking up your prescriptions. Each medical plan covers the same prescription drugs, and costs are determined by the four-tier structure below. If the cost of the prescription is less than the copay, you pay the lesser amount.

In the HRA plan, prescription copays apply only after you have met your deductible.

The formulary changes throughout the year. Visit OptumRx.com to view an updated list of covered drugs and costs.

If you are taking a maintenance medication—any medication taken in the same dosage for more than 90 days—you can save money and avoid a penalty by filling your prescription in a 90-day supply at a Walgreens retail pharmacy or through OptumRx Home Delivery.

If you fill your maintenance medications monthly (in 30-day increments), your copay will increase by 2½ times after the second filled 30-day prescription. See Tier 2 Rx example below.*

NOTE: Cost increase reflects permanent change in copay for this and all additional refills of the same medication for 30-day supplies at a local retail pharmacy. 90-day supplies can be obtained only at Walgreens or through OptumRx Home Delivery. If the cost of your medication is lower than the copay, you pay the lower cost.

Dependent Tuition Remission
Dependent Tuition Remission gives spouses and eligible unmarried dependent children tuition benefits based on the length of time you have been employed at the University. Dependents (child or spouse) who are hired at the University as a benefits eligible employee will only be entitled to the employee tuition remission benefit.

Visit the Tuition Benefits page at miami.edu/tuitionremission.

RECOGNITION
The University of Miami annually recognizes staff who celebrate service milestones and those who have proudly retired from the University.

The Long Service Award Program provides special recognition to faculty and staff for their years of service to the University. More than 800 employees who have reached a service milestone are honored each year and recognized with a certificate and a gift based on milestone year. Service levels are recognized in five-year increments, starting at five years of service. Recognition begins with the 20-year milestone.

The Retirement Recognition Award recognizes staff for their retirement from the University of Miami with a gift to mark the University’s appreciation for their service and special contributions. Visit the Recognition page at hr.miami.edu for more information.
